

Accessibility Advocates

Place Based working is about making physical activity easy for everyone.

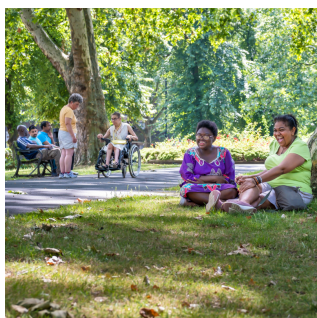

We want you to join our Accessibility Advocates.

Help us make a difference to the way we work.

We want to include disabled people in outdoor places.

When we work together, we can make it easier for everyone to be active.

The work will focus in Burnley. You must live here or know the area well.

There are many things that make it hard for people to move more.

We need to create the right environment for people to move more.

Building relationships with people in our area is important.

We want to use the good things and people we already have.

An Accessibility Advocate knows what it is like to have a disability.

They might have a disability themselves or support a family member who does.

Your job will be to help other people to understand barriers.

We want to find positive ideas of how people can be more active.

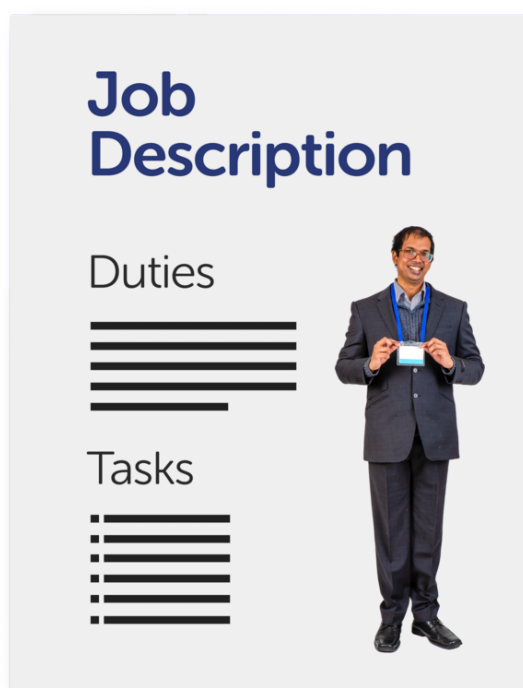

We want disabled people to help make decisions.

We want our partners to use the social model of disability.

Job Role & Payment
